

## DLC-2 [DYNAMIC STABILITY CONTROL (DSC)]

id0402b2100700

### OUTLINE

- A connector (DLC-2) conforming to International Organization for Standardization (ISO) standards has been added.

### CONSTRUCTION

- Shape and terminal arrangement as stipulated by the ISO 15031-3 (SAE J1962) international standard has been adopted for this connector. The 16-pin connector consists of a CAN\_H (HS) terminal, CAN\_L (HS) terminal, CAN\_H (MS) terminal, CAN\_L (MS) terminal, GND1 terminal, GND2 terminal, and B+ terminal.

Terminal	Function
A	Battery power supply terminal
B	-
C	-
D	-
E	Serial communication Lo terminal (HS)
F	Serial communication Hi terminal (HS)
G	-
H	Serial communication ground terminal
I	-
J	Body ground terminal
K	Serial communication Lo terminal (MS)
L	Serial communication Hi terminal (MS)
N	-
M	-
O	-
P	-
